**3.** Your blank wall will look like this:

**4.** Click the "Modify Wall" button to change the background of your wall.

5. Give your wall a
portrait,
title,
and description.

6. Choose a wallpaper style, or add your own.

7. Choose a privacy setting here.

10. Choose a link address for your wall.
This is the link people will visit in order
to access the wall.

11. Choose the layout for posts—either Freeform...
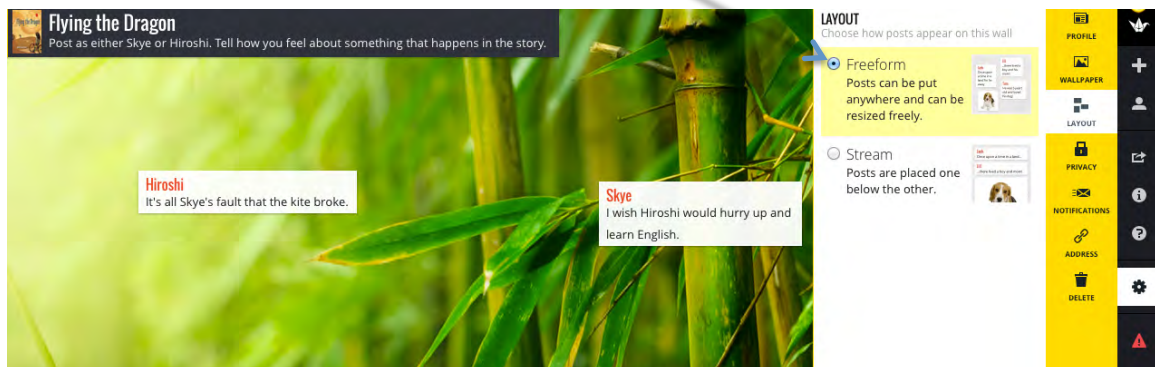

...or Stream.(With this option, the most recent comments will appear at the top.)

12. Your wall should now be ready for posting! Double click anywhere on the wall and a virtual "sticky note" will appear. From there, enter your name,

then you can either write something,

imbed a link,
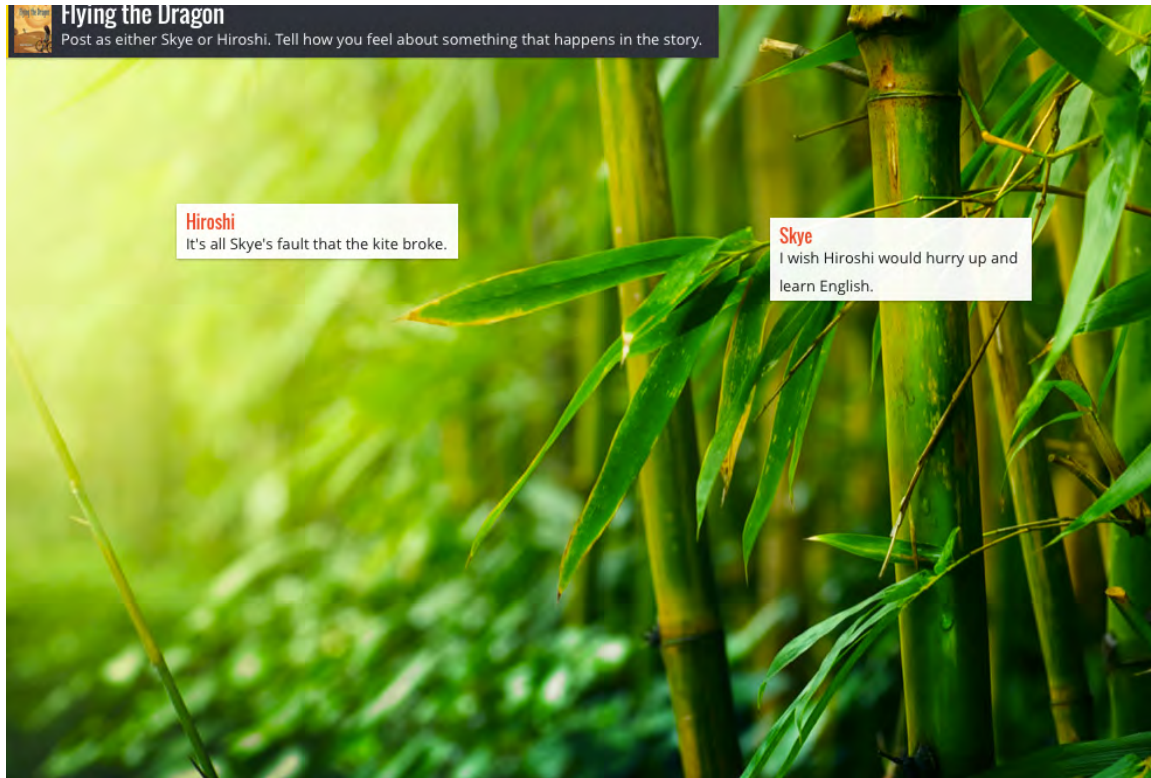

upload something,

or take a webcam photo.
